# Hayfer Group Transition Program

## 1. Initial Consultation

The Hayfer Group will come to your home, assess your current living situation and walk you through step by step how the program works. We'll then get to work taking care of everything for you and your family.

## 2. Trash and Junk Removal from Home

If you have things that you've collected for years that now needs to be removed from the home, no worries, we will coordinate people from our team to come to your home and haul away the stuff you no longer need or want.

## 3. Get Home Professionally Cleaned and Prepared for Sale

Once the home is cleared from all the clutter, we coordinate with our professional cleaning company and photography company to get the home ready to be sold.

## 4. Get the Home on the Market and SOLD for Top Dollar

This is our real passion and expertise. We will handle the entire sale of your home including all of the marketing, the showings of qualified buyers, the negotiations, inspections, appraisals, title work and the successful closing of your home.

## 5. Coordinate the Move

Once we have secured a buyer for your home and have successfully closed on the sale, we will then coordinate the entire move for you. Our moving company will load up your things and move them to the destination of your choice.
