What Do You Use?

So many choices, how do you know which mulch to use for your yard? Do you try to color coordinate with your house color? (we do). What about just using pinestraw? Should I put down fresh mulch if I'm selling my house anyway? Yes! absolutely you should, the better your house looks inside and out, the more attractive it is to buyers; therefore, better chance buyers will take a closer look rather than overlooking it.

We'd like to know what your favorite mulch to use is and why - we use dark brown shredded hardwood mulch ourselves. More info in this [article](#):
